City of Mesquite, Nevada
Request for Qualifications for
Consultant firm to prepare a NEPA Document and Preliminary
Plans for Construction of Exit 118 and Reconstruction of Exit 120
(RFQ No. 07-11)

The City of Mesquite is seeking qualified firms who have the expertise to prepare a NEPA document and preliminary plans for the construction of Exit 118 and reconstruction of Exit 120 in the City of Mesquite, Nevada.

Future interchange access will be essential to the long-term viability of Mesquite and will create incentives for loop roadways that divert traffic to and from Las Vegas, Arizona and St. George, Utah. Without alternate routes around the City, Mesquite may face significant traffic congestion at the freeway access points. Currently, the City of Mesquite is served by two freeway interchanges along Interstate 15 (I-15). These are Exit 120 (West Mesquite) and Exit 122 (East Mesquite). The City of Mesquite proposes to design and develop a new interchange at milepost 118 along Interstate 15. This interchange will provide access to Interstate 15 for new and proposed development of industrial area along West Pioneer Boulevard. The City of Mesquite also proposes to reconstruct the interchange at Exit 120.

The RFQ packet may be obtained by calling (702) 346-2835, or by writing:
